About

Hello, my name is Omar. I'm a Full-Stack Developer with Node.js and Ruby on Rails. I built a few apps and websites using edge technologies such as Ionic, Tailwindcss, Angular, React, React Native, Flutter, Typescript, Firebase, Node, MongoDb, etc. Before this experience, I built my own tech company in Peru an agency that helped clients build versatile platforms for their businesses. I'm 29 and currently located in Chiclayo, Peru. For any further questions about my credentials, I'm available for a call or email, thank you.

Yetsu S.A.C — June 2013 - August 2015

CTO — http://twitter.com/yetsuPe

Co Founder & CTO of Yetsu S.A.C. Our agency helped develop websites for clients. The main focus and objection were to create platforms for clients to their satisfaction. With the diversity of web development from restaurants, hotels, and marketing facebook campaigns for two companies, our agency created a vast of platforms.

- Development a web with eCommerce focus for XCOREISC(Django)
- Enterprise software for CONSAMA.S.A.C.(Django)
- I was the instructor of 2 courses for this company and sponsored by PRG. University

X COREISC — May 2015 - May 2015

President — https://www.facebook.com/XCOREISC

Led a large team composed of more than 60 persons for a week-long conference called COREISC, a tech event for computer-science enthusiasts in the north-region of Peru. Cheif and team leader that organized the people into 5 groups: marketing (social network), sales (promote and sale the events and tickets), protocol (conference usher, event coordinator, personal assistant), IT (build the website for the conference to purchase tickets on), legal (taxes, legal documents for the conference, and official/legal invitations).

- +500 attenders
- First Event of APEISC(brand's owner) with online payments(paypal and credit cards)
- New sub events created like battle of startups, ignites, hackaton, etc.

APEISC — November 2011 - August 2014

UNPRG Represent (Student Representative) — http://www.apeisc.org/

APEISC (currently known as APECIT), is the largest and official community for all students of Software Engineering and computer-science in Peru. Once a year an immense amount of Universities from around the country would choose two students to represent them. This organization was given certain responsibilities to contribute to the computer science community in the country and help promote events and activities to encourage college students to keep growing up in their tech careers.

- Senior Associate 2013 -2014
- Associate 2014

- Examples and material https://github.com/YetsuPe

Mac Systems Group S.C.R.Lta. — February 2010 - June 2011

Junior Developer — https://www.facebook.com/Mac-Systems-Group-SCRLta-168661576491011/

Junior developer for Mac System Group, a local company in Lambayeque.

- First steps in real projects.

Projects

Startup Weekend — September 2014 - September 2014

Coach http://www.up.co/communities/peru/ica/startup-weekend/3763

Startup Weekends are weekend-long, hands-on experiences where entrepreneurs and aspiring entrepreneurs can find out if startup ideas are viable. On average, half of Startup Weekend's attendees have technical or design backgrounds, the other half have business backgrounds. Beginning with open mic pitches on Friday, attendees bring their best ideas and inspire others to join their team. Over Saturday and Sunday teams focus on customer development, validating their ideas, practicing LEAN Startup Methodologies and building a minimal viable product. On Sunday evening teams demo their prototypes and receive valuable feedback from a panel of experts.

hack Space — June 2015 - June 2015

https://www.facebook.com/media/set/?set=a.1010950065581848.1073741857.854008687942654&type=3
Teacher

Taught the course, "Web Fundamentals and Javascript for Everyone" at University Pedro Ruiz Gallo as a programming teacher for half a semester.

Web development

- es6
- react
- angular
- node.js
- mongo db
- firebase
- ionic
- ruby on rails
- Redux
- MongoDB

References

Omar joined Velocis and our remote team as a very green junior developer. I've been very impressed with how he has pushed himself to progress over the years and how his skills have improved. Omar is also the most loyal employee that I've ever worked with and this is a quality I value immensely. I would recommend Omar for any developer role that will continue to support his growth.

— Bradley Joyce, CEO Velocis LLC
